Languages

French (Native)
English (Fluent, C1)
German (A2-B1)

Soft skills

- **Teamwork**
  - ‣ school project
  - ‣ scouting
- **Critical thinking**
  - ‣ epistemology, zetetic
- **Pedagogy**
  - ‣ scouting
  - ‣ tutoring

Hobbies & Interests

- Open Source Contributions
- GNU/Linux
- Scouting (10 years)
- Rock climbing (when I have time)
- Biking

Education

Master's Degree in CS and Software Engineering — 2023 - 2026
ENSEEIHT, Toulouse, France
- Specialisation: Formal Methods and Software & Systems Engineering
- Practical coursework and lab work in software development, verification and theoretical computer science
- Team projects in software engineering, web dev and formal methods

"Preparatory class", Math, Physics, CS — 2021 - 2023
Janson-De-Sailly highschool, Paris, France
- Algebra, Analysis, Functional & dynamic programming, Mechanics, Thermodynamics, Chemistry, Thermochemistry

General Baccalaureate — 2014 - 2021
Le Caousou highschool, Toulouse, France
- Baccalaureate with honors majored in math and physics, ancient Greek option

Projects

Particle life simulator — 2014
ENSEEIHT, OOP class
- Agile methods and Scrum framework
- Java OOP, Java Swing

Cloud Hervy - Google Drive clone — 2024
Personal project
- Discovery of the JS ecosystem: ExpressJS, TS, Node
- Development of a REST API (server/client)

Professional Experience

Intern Software developer — Jun - Jul 2025
IRIT, Toulouse, France
- Developed a Java annotation processor that generates runtime contract checks from JML-style specifications using ANTLR and JavaC AST manipulation, delivered as a tool for student use.

Intern Web Developer (WordPress) — Jun 2024
Les Maths En Scène, Toulouse, France
- Redesigned the association's digital identity by revamping its website (WordPress web development).

Private Maths and Physics Tutor, Freelance — 2022 - present
Toulouse & Paris, France
- Weekly home tutoring
- Volunteer tutoring in a Parisian highschool

Waiter — 2023
Arcadie's Gardens (senior's residence), Toulouse, France
- Service at the residence restaurant
- Meal delivery to apartments for the most disabled residents

Shadowing intern, Public research labs — Dec 2017 & Jun 2019
BIPM & IRAP, Toulouse & Paris, France
- Exploration of work conducted on measurement units
- Understanding the importance of teamwork (international, inter-laboratory)
- Familiarization with methods for designing space missions
